Dear Boone Parents and Families, The safety of our students is always our top priority, which is why we must inform you that we are making necessary repairs to our playground. On September 5, we installed temporary fencing to ensure student safety while we repair the playground structure and replace the floor matting.

No students were injured on the playground, and recess will be held on the yard outside of the work area until work on the playground is complete. Please contact the school directly at 773-534-2160 if you have any questions or concerns.

Sincerely,
Jackie Delaney, Principal

Estimados Padres y Madres:

La seguridad de nuestros estudiantes es nuestra prioridad. Por esta razón queremos informarles que el parque infantil está siendo reparado. El día 5 de septiembre instalamos una maya temporal alrededor del mismo para asegurarnos que los niños estén seguros mientras que reparamos la estructura y cambiamos el piso del parque infantil.

Hasta ahora, ningún estudiante ha sido lastimado en el parque de niños. El Descanso/recreo será en el patio de la escuela. Por favor, si tiene alguna pregunta comuníquese con nosotros al 773-534-2160

Sincerely,
Jackie Delaney, Principal

Our Mission: Daniel Boone School fosters a diverse community united by academic excellence, creative expression, intellectual curiosity, social responsibility, and world citizenship. We prepare our students to be college and career ready through delivering high quality instruction, developing cross-cultural appreciation, implementing the Common Core State Standards, fostering social emotional, and physical wellness and providing differentiated instruction, including fine arts and technology integration.
